Release of animal into the care of the above Organisation Trust

I/We the undersigned have this day fully and completely released the said animal/s into the care of the above organisation for re-housing as and when this may reasonably take place.

I/We understand that I/we cannot now ask for the return of the animal/animals and trust that the organisation will make all the necessary arrangements for the well-being of this/these pets from this day forth.

Animal Action Trust is a voluntary organisation without official funding and run by volunteers in the community. It began by bringing puppies from Ireland to train for the *Hearing Dogs Society* and re-homing the rejected cases. We were then asked to re-home some dogs from the rural areas, Ireland and from Irish sanctuaries where in some cases animal care is at a low premium. It was the case that these animals were often sick and needing veterinary care and neutering etc. Whole litters of puppies were found abandoned e.g. in bins and were needing 24 hour care, to name just one common occurrence.

Our work in our own community is also much appreciated and in placing a dog in our care we undertake to look after it into the future come what may with funds permitting. Your voluntary donations are crucial in allowing us to continue with this work and all donations are always received with grateful thanks and put to good use.

Many thanks
Lu Scott
