

Adoption Agreement 2023

Animal Action Trust

Administrator: Trish Daniels.

Founder and Animal Behaviour Counsellor: Lu Scott

Landline: 01277 634406 -

Mobile: 07905 936863. Emails: askanimalaction@yahoo.co.uk / animalrescueaction@icloud.com

I agree to have any female pup or adult, spayed, 3 months after her season if *applicable*. Males to be neutered as soon as the vet deems it to be appropriate. (for male pups around 10-18 months of age is average/advised.) See below for more info.

I agree NOT to allow this dog to be used for mating purposes, meanwhile.

I agree NOT to sell, re-sell, euthanise prematurely or pass this dog on to a 3rd party without *the express permission* of the above organisation, this includes offering them to another rescue org. They must be returned to us if for any reason, keeping him/her becomes inadvisable or impossible. Please give reasonable warning.

I agree to a home visit being made by the above Trust in approx the next 3 months and thereafter if reasonable, in accordance with the Voluntary organisation Trusts guidelines.

Home visits may be carried out yearly, and the dog removed if it is found to be at risk or uncared for in our opinion, or left for lengthy periods (4hours max) or left alone at home to bark, howl or defecate. (Animal Welfare Act 2006)

Obesity is considered cruelty, unless veterinary reports prove otherwise.

Donations for our dogs are approx £300, There are exceptions for certain dogs. *The set minimum donation*, keeps our doors open and provides for dogs which are in long term foster, as well as current puppies and foster dogs in our care. Older dogs make excellent companions and these often have some discount. Insurance can be expensive.

To the best of our knowledge, this dog leaves us in good health, (or as advised, see below) and we recommend that it be registered with a vet as soon as possible.

Please fill legibly and carefully: The adopter agrees to comply with all relevant regulations. (please see-small print.)

- Particulars about your new dog:- It's Name:
- Breed: Age of dog:

It must be noted that dogs may fight and cause other problems to their owners and family with regards to the home or to the public. (Animal Act 1971) Animal Action Rescue Trust cannot be held responsible for these situations once the adoption papers are signed or during home checks. Training courses are advised and can be booked with one of our trainers if preferred. It must be noted that the dogs are the responsibility of the adoptive family with regards to health and veterinary care after they are adopted, and no costs are redeemable to Animal Action Rescue Trust. Health insurance is advised and also against risks. Adoption fees/deposits are not refundable once paid. This has been implemented to discourage ill thought out arrangements for our dogs who then suffer as a consequence. BEHAVIOURAL VISITS can be made should they be required. The first visit/zoom for an assessment and advice is FREE/fuel costs may apply if applicable.

NB. Failure to abide by these aforementioned stipulations deems the dog forfeit to this rescue centre. If a bitch is found to be pregnant, the pups will be forfeit and returned to our care with the mother or subsequent to the weaning according to best interests of the bitch.

BEST WISHES FOR A LONG AND HAPPY LIFE WITH YOUR NEW COMPANION - From animal action trust. ADOP DOC 2023
