Animal Action Trust is a voluntary organisation without official funding and run by volunteers in the community. We began bringing puppies from Ireland to train for the *Hearing Dogs Society* and we re-homing the rejects that weren't viable. We also re-homed dogs from the rurals of Ireland and from Irish sanctuaries where in some cases animal care is at a low premium. Whole litters of puppies were found abandoned e.g. in bins and were needing 24 hour care.

Since then, work in our own community is also been much appreciated. Your voluntary donations are crucial in allowing us to continue with this work and all donations are always received with grateful thanks and put to good use.

Many thanks, Animal Action Trust
